MAESER TECHNIK GMBH
PRECISION SOURCED

WHY MAESER TECHNIK

Your Advantages

One point of contact

Send your drawing — we handle supplier selection, quality control and logistics.

European network

Manufacturing partners across multiple countries. Short distances, EU quality standards.

Global sourcing

High-volume from Asia with European quality control. Cost optimisation without compromise.

Certified quality

NADCAP-certified partners. Full traceability. First article inspection reports on request.

INDUSTRIES

We supply to

- Mechanical engineering
- Special machinery
- Medical technology
- Automotive
- Aerospace
- Tooling & moldmaking
- Sensor technology
- Energy technology
- Packaging industry

HOW IT WORKS

3 Steps

01

Send drawing
PDF, STEP, DXF — by email

02

Receive quote
Within 24-48 hours

03

Receive parts
Quality checked, documented
